This letter is being sent in response to your inquiry regarding the presence of formaldehyde-urea in Ashland's ISOSET WD3-A322/CX 47 adhesive. ISOSET WD3-A322/CX 47 is a two-part polyurethane adhesive system. Formaldehyde-urea is not an intentionally added ingredient or known impurity of this product.

Ashland is providing this information for its products as formulated. Should you have additional questions, please contact your Ashland account representative for further assistance.

Regards,

Brigette Semler
Sr. Product Information Specialist
